GREENWOOD SCHOOL REPORT

1925-6.

To the Superintending School Committee and Citizens of Greenwood:

We have added another week to the school year, making it thirty-four weeks. It should be thirty-six weeks. To provide for this length of year the town would have to raise \$4,300.

Building improvements have gone on satisfactorily. The exterior of Patch Mountain, Locke's Mills, and No. 7 buildings have been painted; cement walks and repairs to the porch at Locke's have been provided; and important improvements for the interior of No. 7 have been made, which include finishing off a hallway and toilet corridors and painting the whole interior. Some new furniture of the large size needed and a few feet of slate blackboards were also furnished.

Another year the outside of two more buildings should be painted, about ten new desks will be needed mostly for Locke's, a part of the building at Locke's should be shingled. Mr. Yates at the Tubbs school has offered to give a playground, if the town will fence it. A new stove is needed for the Primary room at Locke's.

There has been little to interrupt the schools for the past year except some regrettable, unnecessary absences on the part of children in certain families. There has been good progress but a longer year is needed to get all the results that are required.

I thank you for hearty cooperation and sympathetic support. Recommendations, accounts, and statistics will follow.

Respectfully submitted,

F. E. RUSSELL, Superintendent of Schools.
